No. 108 Public, dated India Office, London, the 4th October 1888.

From—Her Majesty's Secretary of State for India,

To—His Excellency the Right Hon'ble the Governor-General of India in Council.

I TRANSMIT, for the information of Your Excellency in Council, two copies of an Agreement between this country and Brazil, relative to seamen deserters.
2, dated 13th July 1888.

The Government of Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and the Government of the Empire of Brazil, Her Highness the Princess Imperial acting as Regent in the name of His Majesty the Emperor, being desirous, for the benefit of the commerce of the two countries, to facilitate the discovery, apprehension, and surrender of seamen who may desert from merchant vessels of either country, on the basis of a full and entire reciprocity, have agreed as follows:—

It is mutually agreed that if any seamen or apprentices, not being slaves, should desert from any ship belonging to a subject of either of the Contracting Parties, within any port in the territories or in the possessions or colonies of the other Contracting Party, the authorities of such port and territory, possession or colony, shall be bound to give every assistance in their power for the apprehension and sending on board of such deserters, on application to that effect being made to them by the Consul of the country to which the ship of the deserter may belong, or by the Deputy or representative of the Consul.

It is understood that the preceding stipulations shall not apply to subjects of the country where the desertion shall take place.

Each of the two High Contracting Parties reserves to itself the right of terminating this Agreement at any time, on giving to the other a year's notice of its wish to that effect.

In witness whereof the undersigned have signed the present Agreement, and have affixed thereto the seal of their arms.

in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters; whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazepore Factory for the

year 1887-88, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazee-pore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

RULES FOR THE GRANT OF LEASES OF MICA MINES IN HAZARIBAGH AND GYA.

REVENUE DEPARTMENT—LAND REVENUE.

Calcutta, the 5th December 1888.

RESOLUTION.

READ—

Resolution of the Government of Bengal, dated the 26th April, 1888.

Letter from this Government to the Government of India, Revenue and Agricultural Department, No. 21T.—R., dated the 6th June, 1888, with enclosure.

Letter from the Government of India, No. 177M.—25-4, dated the 31st July, 1888, with enclosure.

Letter from this Government to the Government of India, No. 2981—1252L.R., dated the 3rd September, 1888, with enclosure.

Letter from the Government of India, No. 231M.—25-7, dated the 15th October, 1888.

By the Resolution, dated the 26th April, 1888, cited in the preamble, the Lieutenant-Governor laid down general rules for the grant of licenses to prospect for minerals on land at the disposal of Government. The object of this measure was to encourage mining enterprise by substituting, for the dilatory and uncertain procedure previously in force, a system under which local officers can dispose of applications promptly and on a uniform principle. The considerations, which induced the Lieutenant-Governor to make regulations as to the preliminary operations of inspecting, apply with equal force to concessions for the actual exercise of mining rights, and the Lieutenant-Governor is accordingly pleased to issue the orders embodied in the rules printed below for the grant of leases to mine for mica in the districts of Gya and Hazaribagh. These are the only mines at present known to exist in these Provinces on estates the property of Government. Should applications be received for leases in respect of other metals, or in other districts, the orders of the Government of India will still be required in each case; but the recommendations of this Government will be framed with regard to the rules now published.

2. It may be noticed, for the information of those concerned, that the mica found in Hazaribagh and Gya on Government estates occurs irregularly and precariously in a coarse variety of granite. Its presence in plates of the size and colour required can be ascertained only after careful examination and experiment by way of prospecting. In Hazaribagh the mineral is known to exist in the Koderma reserved forest, which is 33 square miles in area, and also in tracts adjoining that reserve. Seventy mines or plots, aggregating 15 acres 2 roods and 34 poles in area, are now worked by a private company, and a lease has also been granted for all mines within the limits of 10 villages in the neighbourhood. In the district of Gya, mica mines are reported to exist in the Government estates of Dabour and Chatkari, and certain other adjoining localities, in the Nawada sub-division, lying in the extreme south of the district adjoining Hazaribagh. Dabour consists of several mouzahs commencing with Bouri, about one mile south of Rajauli, and ending with Rattanpore on the Hazaribagh border. The greater part of the estate lies between two ranges of hills, and is intersected by the river Dhanarjih, in the bed of which traces of mica are abundant. Chatkari, which is on the border of the district due east from Bouri, consists of a single mouzah, but extends over a considerable area of high land, and has within its limits two or three prominent hills.

RULES.

Persons desirous of obtaining permission to mine for mica on Government waste lands in the districts of Hazaribagh and Gya should apply for a mining lease to the Collector or Deputy Commissioner of the district, specifying distinctly the situation of the land within which it is proposed to mine and its boundaries, as accurately as can be stated, together with its estimated area. Every application should be accompanied by a rough sketch of the tract applied for, or the approximate position of the lot required be marked on the survey plan. The extent of such lot shall not exceed half a square mile, and, where the application is for a strip of land following the direction of a band or belt of mica, the length of the lot shall not exceed four miles. Applications will be dealt with in order of receipt by the Collector or Deputy Commissioner. On an application being accepted by the Collector or Deputy Commissioner, the lot or lots will be durably demarcated and surveyed at the cost of the applicant, to whom a lease in the prescribed form will be granted on the following conditions:—

(1) That the lease shall be for a term not exceeding 20 years;

(2) That an annual rent, at such rates as may be approved by the Commissioner of

the Division, shall be payable in arrears by equal half-yearly instalments, the first payment to be made at the expiration of six months from the date of the execution of the lease;

- (3) That if, in the course of mining operations, the lessee find any gold exceeding the proportion of 2 dwts. per ton of quartz crushed, or any other metals, excepting mica, in considerable quantities, he shall report the same to the Collector or Deputy Commissioner, and accept a lease to mine for the metal or metals found for the residue of the term in lieu of the original lease; provided that if gold be found, and the lessee desire to work the gold, a separate lease shall be taken out;
- (4) That the lessee will, within nine months from the execution of the lease, commence operations, and thereafter, during its currency, in the best and most effectual manner and without intermission, except when prevented by inevitable accident, carry on mining operations, and will, whenever called upon, furnish proof of his having done so;
- (5) That the lessee shall pay the value, as fixed by the Collector or Deputy Commissioner, or other officer authorized by him in that behalf, of all timber and other trees standing on the land leased which the said lessee may destroy or injure;
- (6) That the lessee shall be liable to forfeiture on failure to observe any of the conditions specified in the lease, the Lieutenant-Governor of Bengal being the final arbiter as to whether the conditions of the lease have been duly observed or not;
- (7) That the lease shall be renewable, at the lessee's option, on such terms as the Lieutenant-Governor of Bengal for the time being may settle, at the expiration of the original lease;
- (8) That the lessee shall not, nor will, transfer, underlet, or part with the possession of the said land, mine and premises, or any part thereof, or mortgage, charge or encumber the same, without the permission of the Collector or Deputy Commissioner.

2. Without the written permission of the Collector or Deputy Commissioner, previously obtained, the land applied for must not be entered upon, nor operations commenced.

3. No lessee of any block leased under these rules for mining purposes shall divert any road, path or byway on the block leased, or any watercourse beyond the limits of the block leased to him, and all water running waste on such block shall be returned to its natural channel within the limits of the same block.

Failure to observe this condition will render the lease liable to forfeiture.

4 The foregoing conditions will be equally binding on the transferee in case the lease is transferred.

The headings of this register book should be in the language of the district in which the register is kept, with an English translation; but so much of it as has to be filled in by the hand of the person performing the ceremony must be in his own vernacular language. 5. Applications for appointment to the office of Marriage Registrar in any district beyond Calcutta should be sent to the Commissioner of the division in which the applicant resides; applications for appointment in Calcutta should be sent through the Senior Marriage Registrar of Calcutta. The Commissioner, or the Senior Marriage Registrar, as the case may be, should forward the applications to Government with an expression of his opinion.

6. When any person, not being an *ex-officio* Marriage Registrar of the district, desires to resign the office of Marriage Registrar under the Act, or is about to leave the district in which he has been authorized to exercise the functions of a Marriage Registrar, it is particularly requested that he will report the circumstance to the Magistrate of the district, Deputy Commissioner, or Assistant Commissioner, as the case may be, and make over to him for safe custody the marriage register books, and all forms and other documents appertaining thereunto, unless his (the Marriage Registrar's) successor be duly authorized to register marriages in the same district under the Act, in which case the marriage register books, forms, and documents referred to, should be made over to such successor, and the fact be reported to the Magistrate, Deputy Commissioner, or Assistant Commissioner, for information. - (a) all persons specially appointed by Government to be Marriage Registrars under Section 7 of the Act;

- (c) the Senior Marriage Registrar of Calcutta, who has also been appointed a Marriage Registrar under the Act.

9. The attention of *ex-officio* Marriage Registrars and Senior Marriage Registrars should also be directed to Rule 4, Head 1. The form of register to be kept by them is given in Appendix 3.

10. The Registrar General of Births, Deaths and Marriages should see that the true extracts from the register book, referred to in Sections 37, 62, and 64, are duly forwarded to him on the 31st December of each year for deposit in his office.

11. At the close of each year the *ex-officio* Marriage Registrar of each district will be furnished with two copies of the lists of the various persons authorized to solemnize marriages under the Act and residing in his district. One copy of each list it will be his duty, after enquiry, to return to the Registrar General of Births, Deaths and Marriages, with the necessary information filled in, and the other should be retained in the *ex-officio* Marriage Registrar's office. These lists will be in the form shown in Appendix No. 4.

12. The form of the register to be kept by Marriage Registrars under Section 59 of the Act, for the registration of marriages between Native Christians, should be the same as in the fourth schedule of the Act. When certificates of such marriages are given, they shall also be in the form given in schedule 4. The headings of the register book should be in the language of the district in which the register is kept, with an English translation; but so much of it as has to be filled in by the hand of the person performing the ceremony must be in his own vernacular language. This book, when filled, is to be dealt with as prescribed in Section 37.

Head III.—The following rule is applicable to persons who hold at the same time the offices of both Marriage Registrars and Ministers under the Heads I and II.

1. Only certificates of marriages solemnized by ministers of religion under Part III of the Act are required to be submitted through an *ex-officio* Marriage Registrar or Senior Marriage Registrar (i.e., through a Magistrate, Deputy Commissioner, Assistant Commissioner, or the Senior Marriage Registrar, Calcutta). The certificates under Part V of the Act should be forwarded direct to the Registrar General of Births, Deaths and Marriages by the Marriage Registrars, whether they are Magistrates or not.

Head IV.—Rules for the submission of Quarterly Returns of Marriages under Part IV of the Act.

1. By section 28 of the Act, clergymen of the Church of England should send to the Registrar of the Archdeaconry, at the end of every quarter, the returns, in duplicate, of the entries in the register of marriages solemnized at or in any station or district at which such clergymen shall have any spiritual charge. The said Registrar, upon receiving the same, shall transmit one duplicate of the returns relating to marriages performed in the Lower Provinces of Bengal, to the Registrar General of Births, Deaths and Marriages, in the form prescribed in the third schedule of the Act.

2. By section 30, returns of the entries of marriages solemnized by clergymen of the Church of Rome, and registered during any quarter, are required to be forwarded quarterly by the person who registers the same (through the Roman Catholic Bishop of the Diocese or vicariate in which such marriages shall be solemnized), to the Vicar-Apostolic of Western Bengal, or the Vicar-General of the Portuguese Missions in Bengal, for transmission to the Registrar General of Births, Deaths and Marriages.

3. By Section 31, clergymen of the Church of Scotland are required to forward, in the form prescribed in the third schedule of the Act, the returns of marriages solemnized by them during any quarter to the Senior Chaplain of the Church of Scotland, who will forward those relating to the Lower Provinces of Bengal to the Registrar General of Births, Deaths and Marriages in the same manner as the Registrar of the Archdeaconry.

4. A form of marriage return is given in the third schedule. It is optional with the Roman Catholic Bishops to adopt this form or any other; but they should invariably state the name of the church in which each marriage was respectively celebrated.

5. The persons who are required to forward the returns* of marriages specified in the four preceding rules to the Registrar General of Births, Deaths and Marriages are—

- (a) the Registrar of the Archdeaconry;
- (b) the Most Reverend the Archbishop of Calcutta, who has consented to collect and forward them;
- (c) the Very Reverend the Vicar-General of the Portuguese Missions in Bengal, who has also consented to collect and forward them;
- (d) the Senior Chaplain of the Church of Scotland.

6. Marriages between Native Christians under Section 37 of the Act must be registered in a separate register book in the form given in the fourth schedule of the Act. When certificates of such marriages are given, they should also be in the form given in schedule 4. The headings of the register book should be, in the language of the district in which the register is kept, with an English translation; but so much of it as has to be filled in by the hand of the person performing the ceremony must be in his own vernacular language. This book, when filled, must be dealt with as directed by this Section. Under Section 62 true extracts from this register book shall be deposited on the 31st December of each year in the office of the Registrar General of Births, Deaths, and Marriages. For the form of extract see Appendix I.

Head V.—Rules for submission of Quarterly Returns of baptisms, Marriages, and Burials of European Christians.

7. In addition to the quarterly marriage returns required under the Act, the Government require the submission, for statistical and other purposes, of quarterly returns of baptisms, marriages, and burials of European Christians, i. e., of "all Christians of European birth or descent, or of mixed European and native descent," in the forms specified in Appendices 5a. to 5f. These should be forwarded to the Registrar General of Births, Deaths and Marriages.

8. The Registrar of the Archdeaconry is not called upon to use the certificate of correctness of the returns, as each Clergyman certifies to its correctness at the foot of each return. The Senior Chaplain of the Church of Scotland is also permitted to write the certificate of correctness on the returns.

9. The return relating to marriages only, as well as that of baptisms, marriages, and burials, for each quarter, should be kept distinct, and not contain entries which belong to other quarters.

10. These returns are to include no entries in respect of Native Christians.

11. Whenever there may have been no baptisms, marriages, or burials recorded during any quarter, a "No occurrence" certificate. (see Appendix 5f) should be forwarded.

12. As the Government desire to possess a record of all deaths of European and Eurasian Christians buried by the laity, and not only of those buried by the clergy, all magisterial officers are required to report every burial by laymen within their several jurisdictions to the resident chaplain, or to the chaplain or minister who visits the station at which the burial has taken place, in order that it may be included in the returns furnished by him to the Registrar of the Archdeaconry.

13. In cases of burials performed in places not visited by any chaplain, the report should be made to the nearest clergyman.

14. A list of all the stations and out-stations in Bengal, showing by what clergyman the out-stations are visited under the orders of the Lord Bishop of Calcutta, will be found in Appendix 6.

15. For the purpose of registering burials not performed by clergymen of the Church of England, or by laymen according to the forms of the Church of England, the following rule has been adopted:—"In every register book there should be a separate page or pages, with heading and form distinct from those entries of burials in which, at present, the clergyman or layman officiating himself enters and certifies the record of the service which he has performed. In this part of the book the chaplain shall enter (as a copy) the copy of the certificate transmitted to him by the magisterial officer of the district. In this form there should be added a statement of the place of interment. The chaplain shall copy these entries and return them with the others in his quarterly return, certifying the correctness of the copies which he makes.

16. The reports made by magisterial officers to chaplains should include the names of all European and Eurasian Christians buried by laymen, whether the funeral service be conducted according to the form of the Church of England or not.

17. The same rules are applicable to baptisms when performed by laymen.

18. All officers who forward the quarterly returns to the Registrar General of Births, Deaths and Marriages forward them, if possible, within one month after the close of each quarter.

19. The officers who are required to submit of baptisms, marriages, and burials to the Registrar General of Births, Deaths and Marriages are—

- (2) the Most Reverend the Archbishop of Calcutta, who collects them from the various Roman Catholic registering officers within his jurisdiction;

* They have to be indexed by the Registrar General.

- (3) the Very Reverend the Vicar-General of the Portuguese Missions in Bengal, who collects them in a similar manner;
- (4) the Senior Chaplain of the Church of Scotland;

Leading Lights—Semaphore Anchorage.

IN continuation of Notice to Mariners, No. 63, dated the 31st October 1888, further notice has now been given by the Secretary, Marine Board, Port Adelaide (No. 13 of 1888), that on and after the 1st December 1888 two Red Lights will be exhibited ashore, one from the Time-ball Tower, and the other from the Flagstaff at the shore end of Semaphore Jetty.

These Lights in line, bearing S. E. $\frac{1}{4}$ S., lead through the deepest water in the Semaphore Anchorage, and up to the Ocean Steamers' Mooring Buoy.

Directions.

By Night.—Vessels approaching the Anchorage should not bring the Port Adelaide Light to the North of N.-E. until the above Lights are in line, then steer in on that line with the lead going until the requisite water is found, or the Mooring Buoy is picked up. When the red light, east of the Light-house, is just closing with the Bright Light on No. 11 Beacon, the vessel will be close to the Mooring Buoy.

The leading Lights will not show South of the Bell Buoy on the Wonga Shoal, so that vessels of suitable draught, which do not intend to use the Mooring Buoy, may steer in for any part of the anchorage as soon as the two Red Lights are visible.

By Day.—Keep the Light-house on the same bearing until the Time-ball Tower and the Water Tower are in line, then proceed as above.

COPY of the following forwarded to the Government of Bengal for information.

No. 58 Stats. and Commerce, dated India Office, London, the 13th September 1888.

From—Her Majesty's Secretary of State for India,

To—His Excellency the Right Hon'ble the Governor-General of India in Council.

MR LORD,—I forward, for Your Excellency's information, copy of a letter received from the Foreign Office, relative to the outbreak of yellow fever in Cayenne and the quarantine against that Colony.

No. 35, dated British Consulate, Cayenne and Surinam, Paramaribo, the 24th July 1888.

From—WILLIAM WYNDHAM, Esq.,

To—THE MOST HON'BLE THE MARQUIS OF SALISBURY, K. G.

I HAVE to report that three days after my departure from Cayenne, yellow fever again broke out there, and the Colony has since been quarantined. I am in consequence again unable to go there at present. I regret also to inform Your Lordship that Monsieur Andrada, Consul-General for Brazil at Cayenne, who kindly agreed to act for Mr. Wacongog, when it was found impossible for me to remain at Cayenne, has since then committed suicide, and that Mr. Wacongog will leave his clerk in charge on his responsibility during his absence, the Governor of French Guiana having agreed to this arrangement.

In making this report, I would beg to state that the Colony of Cayenne has only been free from epidemic yellow fever for 16 months in four years; and the French Government now appoint coloured Creoles to the Government Offices there, including the Governor of the Colony.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday, if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered

in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazepore Factory for the

year 1887-88, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazee-pore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

Leading Lights—Semaphore Anchorage.

IN continuation of Notice to Mariners, No. 63, dated the 31st October 1888, further notice has now been given by the Secretary, Marine Board, Port Adelaide (No. 13 of 1888), that on and after the 1st December 1888 two Red Lights will be exhibited ashore, one from the Time-ball Tower, and the other from the Flagstaff at the shore end of Semaphore Jetty.

These Lights in line, bearing S. E. $\frac{1}{4}$ S., lead through the deepest water in the Semaphore Anchorage, and up to the Ocean Steamers' Mooring Buoy.

Directions.

By Night.—Vessels approaching the Anchorage should not bring the Port Adelaide Light to the North of N.-E. until the above Lights are in line, then steer in on that line with the lead going until the requisite water is found, or the Mooring Buoy is picked up. When the red light, east of the Light-house, is just closing with the Bright Light on No. 11 Beacon, the vessel will be close to the Mooring Buoy.

The leading Lights will not show South of the Bell Buoy on the Wonga Shoal, so that vessels of suitable draught, which do not intend to use the Mooring Buoy, may steer in for any part of the anchorage as soon as the two Red Lights are visible.

By Day.—Keep the Light-house on the same bearing until the Time-ball Tower and the Water Tower are in line, then proceed as above.

By direction of the Government of Bengal,

EATON W. PETLEY,

Offg. Port Officer of Calcutta.

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin,

DEPOSIT.
When the amount bid is less than
Rs. 1,200 per chest, Rs. 900 per chest.
On bids of Rs. 1,200 and upwards, but
less than Rs. 1,600 per chest, Rs. 300

On bids of Rs. 1,600 and upwards, but

And so on, Rs. 100 being added to the

extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday, if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazepore Factory for the year 1887-88, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

EDUCATION.

The 17th September 1888.

No. 314.—The Government of India having taken into its consideration certain representations made by the Central Committee of the "Countess of Dufferin's Fund" and by the Committee of School Inspectors assembled in 1886 to revise the European School Code, is anxious to prescribe a text-book on domestic economy and sanitary science for the use of the senior classes of English and Anglo-Vernacular schools. What is required is a work which shall primarily treat of the subjects dealt with in the Sanitary Primer, entitled the "Way to Health," in a manner suitable for more advanced and senior pupils, and also discuss topics of domestic economy. The principles of elementary physiology, so far as is appropriate and necessary to elucidate the other subjects, should also be discussed. It is desirable that the book should be handy in form, and it therefore should not cover more than 150 pages of small octavo size. The Governor-General in Council considers that the best means of securing a text-book of the required character is to offer a reward for the preparation of such a work. His Excellency in Council has accordingly decided to offer a reward of Rs. 1,000 for the best text-book on the subject. Competitors should send their compositions to the Home Office, Simla, either in print or in very legible manuscript (half margin), not later than the 1st September 1889. Each work should bear a motto and have a sealed envelope attached, with the same motto outside and the name of the author within.

The successful manuscript will become the property of the Government. Unsuccessful manuscripts will be returned, if the author's address be communicated in the attached sealed envelope.

The Government of India reserves to itself the right of withholding the reward of granting only a portion of it should no work attain the required standard of excellence.

The following works may with advantage be consulted by intending competitors :

PORT ADELAIDE.

Leading Lights—Semaphore Anchorage.

IN continuation of Notice to Mariners, No. 63, dated the 31st October 1888, further notice has now been given by the Secretary, Marine Board, Port Adelaide (No. 13 of 1888), that on and after the 1st December 1888 two Red Lights will be exhibited ashore, one from the Time-ball Tower, and the other from the Flagstaff at the shore end of Semaphore Jetty.

These Lights in line, bearing S. E. $\frac{1}{4}$ S., lead through the deepest water in the Semaphore Anchorage, and up to the Ocean Steamers' Mooring Buoy.

Directions.

By Night.—Vessels approaching the Anchorage should not bring the Port Adelaide Light to the North of N.-E. until the above Lights are in line, then steer in on that line with the lead going until the requisite water is found, or the Mooring Buoy is picked up. When the red light, east of the Light-house, is just closing with the Bright Light on No. 11 Beacon, the vessel will be close to the Mooring Buoy.

The leading Lights will not show South of the Bell Buoy on the Wonga Shoal, so that vessels of suitable draught, which do not intend to use the Mooring Buoy, may steer in for any part of the anchorage as soon as the two Red Lights are visible.

By Day.—Keep the Light-house on the same bearing until the Time-ball Tower and the Water Tower are in line, then proceed as above.

By direction of the Government of Bengal,

EATON W. PETLEY,

Offg. Port Officer of Calcutta.

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book,

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 900 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday, if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered

in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazepore Factory for the year 1887-88, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

K. G. GUPTA, *Offg. Secretary.*

Orders and Notifications by the Government of India, &c.

[Reprinted from the "Gazette of India."]

The following orders, issued by the Government of India, in the Home Department, are published for general information.

J. WARE EDGAR,
Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS—PUBLIC.

Simla, the 3rd July 1888.

No. 1817.—In supersession of Home Department (Public) Resolutions No. $\frac{26}{903-68}$, dated 19th July 1883, No. $\frac{81}{1336-1345}$, dated 23rd August 1884, and No. $\frac{3}{101-107}$, dated 16th January 1885, the following Rules for the regulation of appointments to the Secretariat Clerical Service are published for general information.

Rules for the Regulation of Appointments in the Secretariat Clerical Service of the Government of India and attached Offices.

1. The Secretariat Clerical Service shall for the future be separated into an Upper and a Lower Division,—the former comprising all appointments the pay (or, in the case of appointments carrying progressive pay, the minimum pay) of which is Rs. 200 and upwards; the latter, all appointments (other than those of copyists, to whom these Rules do not apply) the pay of which is below that sum. No clerk will be entitled to promotion from the Lower to the Upper Division as a matter of course or otherwise than in accordance with these Rules.

2. The head of the office concerned shall have an absolute power of selection in the case of appointments of Registrars of Offices, Superintendents of Branches, Head Assistants, Personal Assistants, or appointments involving the control or supervision over divisions of an office. The mode of recruiting one-half of the remaining appointments in the Upper and two-thirds of all the appointments in the Lower Division shall be by open competition. The rest of the appointments in the Upper and Lower Divisions may be filled in accordance with Rules 12 and 13.

3. An examination of candidates for the Secretariat Clerical Service will be held at Calcutta, Allahabad, and Lahore, and at such other places as may hereafter be appointed, in January of each year. The examination at Allahabad will be confined to persons domiciled in the North-Western Provinces, Oudh, the Central Provinces, Rajputana, and Central India, and that at Lahore to persons domiciled in the Punjab and Baluchistan. The arrangements for the examinations will be made by the Board of Examiners, Fort William, who will be assisted by paid Examiners, and act in communication with the Secretary to the Government of India in the Home Department. Before the examination commences, a distinguishing number will be given by the Secretary to the Board of Examiners to each candidate with which he will mark each of his papers of answers.

4. The nature of the examination will be as follows:

A.—For all Candidates.

(1) Dictation and Handwriting.

This will be a preliminary test, which all candidates, whether for the Upper or Lower Division, must satisfy. The examination in these subjects will not be competitive, but

marks will be assigned for the purpose of testing proficiency. The papers of candidates will be examined as soon as possible after this examination; and the Examiners will require any candidate who fails to obtain two-third marks in each subject to withdraw from the further examination.

B.—For Candidates for Appointments in the Upper Division.

	Marks.
(1) English composition	100
(2) Précis writing and drafting	100
(3) Geography	50
(4) History (English and Indian)	50
(5) Elementary Mathematics [Arithmetic; Euclid, Books I to IV; Algebra, to Quadratic Equations (inclusive)]	75

C.—For Candidates for Appointments in the Lower Division.

	Marks.
(1) English composition	100
(2) Précis writing	100
(3) Geography	50
(4) History (English and Indian)	50
(5) Arithmetic; Euclid, 1st Book; Algebra, up to Simple Equations	50

No candidate will be credited with marks in either subject (1) or subject (2) unless he obtains at least one-fourth of the marks in the subject; nor will he be credited with marks in subject (3), subject (4), or subject (5) unless he obtains one-fifth of the marks in the subject. Any candidate obtaining less than one-fourth marks in either subject (1) or subject (2) shall be disqualified. Candidates will not be eligible for the Lower Division of the Financial Department (if with reference to Rule 18 below the Department adopts these Rules), or for the Office of the Accountant-General, Public Works Department, unless they obtain at least one-third of the full number of marks in Arithmetic.

5. Every candidate for an appointment in the Upper or Lower Division must send a written application for permission to appear at the examination to the Secretary to the Board of Examiners between the 1st and 15th days of December (inclusive).

[FORM.]

To the Secretary to the Board of Examiners,
Fort William.

SIR,

I request permission to present myself at the ensuing examination of candidates for appointments in the Upper Division of Government Clerkships. If successful, I should elect to serve in the office of the Lower. A treasury receipt for the fee of Rs. 7½ is forwarded herewith.

I am, &c.

6 The application under the last rule should be in the form given on the margin, and be accompanied by a treasury receipt for the sum of either Rs. 10 or Rs. 20, according to the division (Lower or Upper) in which the candidate may wish to appear. This sum he is required to pay into the treasury nearest his place of residence by way of examination fee. With the application must also be forwarded—

- (1) Evidence (except in the cases provided for by Rules 8 and 9) that the candidate at the date of making his application is not less than 18 and not more than 24 years of age. The date of the candidate's birth must be stated.
- (2) In case the candidate has been educated at a school in which students' good conduct registers are kept, the candidate's register for the last year of his attendance at school when a year has not elapsed since he left school. In other cases, a certificate that the candidate is of good moral character from the head of the institution in which he has last been educated, or from some respectable householder to whom he is well known in private life, and who is himself known to a District or Sub-divisional Magistrate or to the head of some Government office,—this last fact being certified by the countersignature of the officer in question.

7. The number of candidates to be selected by the Examiners for each Division will be notified in the *Gazette of India* by the Home Department on or before the 31st October. This number will be determined in communication with the heads of the offices concerned, with reference to the number of vacancies existing or estimated as likely to occur within the course of the following year (and which it is not intended to fill under the provisions of Rules 12, 13, and 14), plus a margin of 10 per cent. for casualties. One-half the number of vacancies offered will be reserved for candidates domiciled in the North-Western Provinces and Oudh, the Punjab, and the Central Provinces, Rajputana, Central India, and Baluchistan, provided that a sufficient number of duly qualified candidates to fill these appointments appear from those territories.

8. Persons who have at any time held a permanent appointment in any of the offices affected by the Resolution, but who may have lost such appointment owing to its abolition or on reduction of establishment, may present themselves for examination under these Rules, provided they are under 40 years of age.

9. Clerks who were serving in the Lower Division of an office before the date of these Rules, and who are under 40 years of age, may, with the permission of the head of the office, present themselves at the examination for appointments in the Upper Division. No

clerk who enters the Lower Division after the date of these Rules will be permitted to appear at the examination for the Upper Division unless he is under 24 years of age.

10. As soon as practicable after the open competitive examinations, the Board of Examiners will report the result to the Home Department. The report will take the form of a list giving the names of selected candidates and the exact dates of their births; the distinguishing numbers of unsuccessful candidates; and the number of marks obtained by each candidate, whether successful or unsuccessful, in each subject of examination. The Home Department will then circulate a list of selected candidates to the heads of the offices concerned. Candidates will be given their choice of Departments as far as possible; and the Home Department will intimate such choice, if made, to the head of each office. The head of each Department will, however, be at liberty to offer a vacant appointment which may occur in his Department to any selected candidate remaining on the list. This offer should be made through the Home Department, which will keep each Department of the Government of India informed as the names of selected candidates are removed from the list. No candidate selected in a later year shall be offered an appointment until the offer has been made to and refused by selected candidates of an earlier year remaining on the list.

11. When an outside candidate for either Division attains the age of 25 years, or when two years have expired from the date of the entry of his name on the list, or when any candidate has refused the offer of an appointment in the Department in which he has elected to serve, or has twice refused the offer of an appointment in any other Department or Departments, his name shall immediately be removed from the list.

12. Every alternate vacancy in the Upper Division, excluding vacancies in the offices of Registrar, Superintendent, Head Assistant, Personal Assistant, or appointment involving the control or supervision over divisions of an office, and every third vacancy in the Lower Division, may be filled by the head of a Department without reference to the preceding rules.

13. Appointments made under the last preceding rules shall, if the person appointed is not in Government service, be made subject to the conditions that the person appointed—

- (a) is at the time of appointment not less than 18 and not more than 25 years of age;
- (b) can give satisfactory evidence that he possesses a minimum educational qualification equivalent to the Entrance standard of one of the Indian Universities if appointed to the Lower, and to the P. A. standard of one of the Indian Universities if appointed to the Upper Division;
- (c) must produce satisfactory evidence that he is of good moral character.

14. Any officer already in Government employment may be appointed to any vacancy such as is referred to in Rule 12 without regard to the qualifications specified in the preceding rule.

15. The heads of offices to which these Rules apply are at liberty to arrange transfers from the Upper Division of one office to that of another, or from the Lower Division of one office to that of another. The transfer of an officer from a post in an office to which the Rules apply to a vacancy in another office to which these Rules also apply shall, for the purposes of Rule 12, be held to be the filling up of a vacancy.

16. Before a person who is not already in Government service is actually employed in any office, he must produce a certificate from a Government Medical Officer of or above the rank of Surgeon to the effect that he is in good health and of a sound constitution.

17. Every candidate, whether selected by examination or nominated, who receives an appointment, will be on probation for twelve months; and if at any time during that period, or at its close, his work is not considered satisfactory by the head of the office in which he is employed, he will receive his discharge, and will have no claim to gratuity or compensation on that account. This rule will not apply to clerks selected for the Upper Division, who were previously permanent clerks in the Lower Division of the office in question, nor to clerks selected from other Government offices; but such clerks may, if found unfit for the higher grade, be relegated to their former appointments, or, so far as may be, to appointments of corresponding emoluments. To provide for such cases, arrangement should be made by which promotions in the place of the transferred clerks should be *sub. pro tem.* until the latter have passed their period of probation.

18. The above Rules will apply to the Secretariat Offices of the Government of India, except the Foreign Department and the Department of Finance and Commerce, whenever the latter fills vacancies by recruitment of officers already holding clerical appointments in any of the Account Offices subordinate to it. When the Department of Finance and Commerce does not recruit in this manner, the Rules will apply. They will also apply to the Offices of—

The Sanitary Commissioner with the Government of India,
The Surgeon-General with the Government of India,
The Director-General of the Post Office of India,
The Northern India Salt Revenue Department,
The Inspector-General of Forests,
The Director-General of Telegraphs,
The Accountant-General, Public Works Department,
The Consulting Engineers for Railways,
The Surveyor-General of India,

The Superintendent of the Geological Survey,
 The Meteorological Reporter to the Government of India,
 The Accountant-General, Military Department,
 Military Account Offices in the Bengal Presidency,
 The Commissary-General-in-Chief,
 The Commissary-Generals of Circles,
 The Director-General of Ordnance in India,
 The Inspector-General of Ordnance,
 The Surgeon-General, Her Majesty's Forces,
 The Office Establishments of the several Arsenal, Depôts, and Factories in Bengal,
 and to such other Imperial or Provincial Offices as may hereafter be notified as having adopted them.

19. On the occurrence of any vacancy hereafter in any office which has to be filled by open competition under these Rules, and when no candidate qualified under the Rules is available to fill such vacancy, appointments may be made under Rules 12 to 14.

20. These Rules shall take effect from the date of their issue.

21. Copies of these Rules may be obtained on application at the Office of the Home Department, Calcutta.

OBSERVATIONS.—By the orders contained in the Resolution of November 1881, cited in the preamble, the Government of India introduced the present system of classifying telegrams, by which, instead of being despatched simply in order of presentation at the telegraph offices, they receive preference for despatch according as they are paid for as "urgent," "ordinary," and "deferred." At the same time it was directed that all State messages should be sent as "deferred," unless specially marked as "urgent" by the sender, and that no State message should be despatched as an "ordinary" message. In July 1887, however, from statistics showing the number of State messages classed as "deferred" and "urgent" during the five years ending 1886-87, it appeared that the percentage classed as "urgent" was very much greater in the case of State than of private messages. As this pointed to the withdrawal of the prohibition to send State messages as "ordinary," the opinions of the Local Governments and Administrations and of the Account Officers of Government were requested on the subject. They were asked to report whether they considered that the proposed change would lead to economy, and whether they could suggest any effective check on the abuse of the discretion now allowed to public officers of classifying State messages as "urgent."

2. The opinions called for have now been obtained and considered; and the attention of the Government of India has been particularly drawn to the fact that in many cases State messages are sent as "urgent" merely to save the delay of a day which is presumed to result from sending them "deferred." Nothing is gained by sending such messages "urgent" which would not be equally secured if they were permitted to be sent "ordinary"; it has been consequently determined that the order which forbids the use of "ordinary" State messages shall be repealed.

RESOLUTION.—In future, State messages may "be classed as "urgent," "ordinary," or "deferred," at the discretion of the sender.

2. Without laying down any precise rules for the classification of telegrams, the following general principles are prescribed for the guidance of officers, who should also bear in mind the necessity for keeping the expenditure as low as possible:

- (1) When it is not necessary that a reply (by post or wire) should be despatched within office hours of the same day, the message should be sent "deferred."
- (2) When it is considered essential that a reply should be sent the same day, the message should be sent "ordinary."
- (3) "Urgent" messages should be used only—
 - (a) in cases of real emergency;
 - (b) in cases where the despatching officer knows that the line is for any reason blocked, and considers his message sufficiently important to take precedence of ordinary traffic.
- (4) Telegrams should, except when extreme precision is important, be expressed in as few words as are consistent with clearly conveying the intended meaning; and mere auxiliary or connective words, which can obviously be filled in by the receiver, should be omitted.

3. As regards the check over expenditure, the Government of India, after consideration of the various opinions which have been expressed, does not consider it necessary to prescribe any further check than that of the ordinary controlling authority, who may at any time call upon a subordinate to justify any apparently large expenditure upon telegrams. The Government of India, however, invites the attention of Local Governments to the desirability of including telegraph charges within the contract system of contingencies as the best means of preventing extravagance and abuse of the discretion regarding classification conferred by these orders.

4. The orders contained in this Resolution will take effect from the 1st August 1888.

RESOLUTION—By the Government of India, Department of Finance and Commerce.
Read again—

Resolution in the Department of Finance and Commerce, No. 3743, dated the 15th September 1882.

Resolution in the Department of Finance and Commerce, No. 2599, dated the 10th August 1883.

Resolution in the Department of Finance and Commerce, No. 2566, dated the 20th August 1885.

RESOLUTION—By Resolution No. 2566, dated 20th August 1885, certain modifications were introduced into the conditions under which Stock-notes bearing interest at 4 per cent. per annum were issued; and in paragraph 2 of that Resolution it was said:

It cannot be denied that sale of the notes, and their popularity as an investment with the classes by whom it was hoped that they would be bought, have been much less than was anticipated. The Government of India, however, are of opinion that these results may be attributed in some measure to causes in existence at the time of the issue of the notes, the operation of which has in part ceased, and of which the effect will not be indefinitely prolonged. The continuance of the sale of notes, if for the present not productive of much advantage, is not calculated to cause detriment or injury to the public, or to the financial interests of Government. It may be still hoped that, subject to certain modifications this mode of investment will become more popular, and that the advantages which unquestionably attach to the system, when successfully worked, may be in course of time obtained. The Governor-General in Council has therefore decided to continue for the present the sale of the notes, subject to certain changes in the rules which, it is hoped, will render the notes more generally acceptable.

2. Nearly three years have elapsed since these modifications were introduced; but the amount of the annual sales is still very small, and the public continue to look upon the system with disfavour. It may be said that the public have never adopted these securities at all as a regular form of investment, and complaints have occasionally reached the Government, which on enquiry are shown to be well founded, of hardship resulting from the depreciation of the notes and from the difficulty of realising them at any price. The Government, having now re-examined the subject, has, with regret, been forced to the conclusion that the experiment ought now to be abandoned.

3. It has accordingly been decided to discontinue the further sale of Stock-notes and to withdraw as far as possible those in circulation, amounting approximately to Rs. 16,20,000, by substituting for them Government Promissory Notes of the 4 per cent. Loan of 1842-43.

4. The Comptroller-General is, therefore, authorised to receive applications, at any Government treasury in India, for the conversion into Government Promissory Notes of the 4 per cent. Loan of 1842-43 of any amounts of Stock-notes tendered in even hundreds of rupees, on the following terms:

- (a) the Promissory Notes are to be issued at a premium of 8 annas per cent.;
- (b) tenderers will, on delivering the Stock-notes, be paid interest on them for the half-year ending July 31st, 1888 (i.e., Rs. 2 per cent.); but from the amount of this interest a sum of 8 annas per cent. on the value of the Stock-notes will be deducted on account of the premium payable by the holders in accordance with the condition (a);
- (c) the interest on the Promissory Notes issued in exchange will run from the 1st August 1888.

5. In the case of notes of less value than Rs. 100, the Comptroller-General is authorized further to purchase outstanding notes at the rate of Rs. 100 for every Rs. 100 Stock-notes tendered for sale at any treasury, and to pay to the proprietors tendering them the interest due on the notes up to date of purchase.

6. Notes purchased by the Comptroller and Auditor General under the terms laid down in the preceding paragraph will, when a sufficient quantity has been accumulated, be converted into 4 per cent. Promissory Notes, on the terms defined in paragraph 4. These Promissory Notes will be held by the Comptroller-General on account of the Treasury, and will be gradually absorbed in the operations of purchase of securities, which the Comptroller-General in his official capacity has to carry out. They will not be disposed of by the Comptroller-General except in this way, and except as provided in the next paragraph, until six months at least have expired from the issue of this Notification.

7. The Head Commissioner of Paper Currency is hereby directed, under section 23 (2) of the Indian Paper Currency Act, XX of 1882, to purchase five lakhs of the said securities, if this amount is available. This purchase will be made at par.

8. The Governor-General in Council reserves the right to withdraw the terms offered in this Resolution to Stock-note holders, whenever it may be deemed proper to do so.

9. The Comptroller-General is directed to make any subsidiary arrangements and to issue any subsidiary instructions he considers necessary for carrying out these orders.

ORDERED that a copy of the above Resolution be forwarded to the Comptroller and Auditor General for information and guidance.

Ordered also that the Resolution be published in the *Gazette of India* for general information.

NOTIFICATIONS—PUBLIC.

Simla, the 21st August 1888.

General Rules applicable to all Candidates.

I.—A candidate for admission to compete in England for the Indian Civil Service is required before leaving India to obtain a certificate of age and nationality, signed, should he be a resident in British India, by the Secretary to Government of the Province or the Commissioner of the Division within which his family resides; or, should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.

Note.—In the case of a candidate who has proceeded to England without obtaining a certificate, the certificate may be granted to his father or guardian, provided that the latter produces the requisite evidence, and, when making the application, states when the candidate went to England, and where he has been residing during his stay in that country.

II.—In order to obtain a certificate a candidate is required, if resident in British India, to prove the date and place of his birth before the Magistrate of the district in which his family resides, or, if resident in a Native State, before the Political Officer of the State in which his family resides.

III.—A candidate must, if resident in British India, signify to the Secretary to Government of the Province or the Commissioner of the Division in which his family resides his desire to compete not less than three months before the date on which he proposes to go to England. If resident within a Native State, he must signify his desire in like manner to the highest Political Officer accredited to the State within which his family resides. The Officer to whom the application is made shall forward it for the purpose of enquiry to the Magistrate of the District or Political Officer of the State in which the applicant's family resides.

IV.—The Magistrate or Political Officer to whom such application has been forwarded shall call upon the candidate to appear and give evidence of the date and place of his birth and of his nationality within one month. He will carefully examine into the value of the evidence given, and forward a summary of it, with certified copies of all documents tendered and his comments and opinion, to the officer who forwarded the application to him for enquiry.

V.—The documentary evidence which a candidate may be expected to produce comprises—

- (a) The horoscope.
- (b) Family books.

Oral testimony of persons acquainted with the candidate's family, or otherwise able to give relevant evidence, will also be taken; and the candidate is required to comply, to the best of his power, with any requisition the Magistrate or Political Officer, as the case may be, may make in order to clear up any doubt as to the purport of the documentary proof.

VI.—Any declaration of age made after the application of these rules on the occasion of seeking admission to any university examination, educational institution, or Government office or otherwise recorded in a formal and deliberate manner, will be taken as conclusive evidence in disproof of the subsequent assertion by the same person that he is of different age to that so declared or recorded.

Rules to apply to Candidates born in Her Majesty's Dominions.

VII.—If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be, shall be satisfied by the papers submitted that the candidate has stated the date and place of his birth correctly, he will issue a certificate declaring that the candidate has submitted the proofs of his birth to the Magistrate of the district or the Political Officer of the State, as the case may be, and has satisfied him that he was actually born on or about the date stated by him, viz., the day of 18 , at , a place within Her Majesty's Dominions. Such certificate shall be given in the following form:—

I hereby certify that , who is a candidate for the Indian Civil Service has submitted the proofs of his birth, and has satisfactorily shown that he was actually born on or about the date stated, viz., the day of 18 , at , a place within Her Majesty's Dominions.

VIII.—If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be, finds reason to disbelieve that the candidate was born on the day or at the place asserted by him, the certificate will be refused, and the candidate will be unable to obtain admission to the competitive examination for the Indian Civil Service.

IX.—Where the date and place of birth have been formally registered in a register kept by any public officer in British India, an extract from the register, duly certified by the proper official, shall be accepted as sufficient proof of the date and place of the birth.

X.—In addition to the particulars required by Rule II, a candidate not born in Her Majesty's Dominions must also prove that he is the son or grandson of a person born in those dominions.

XI.—If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be, shall be satisfied by the papers submitted that the candidate has stated the date and place of his birth correctly, and has established the fact that, though born without the limits of Her Majesty's Dominions, he is the son or grandson of a person born in those dominions, he will issue a certificate in the following form:—

I hereby certify that , who is a candidate for the Indian Civil Service, has submitted the proofs of his birth, and has satisfactorily shown that he was actually born on or about the date stated, viz., the day of 18 , and that he was born at , a place without Her Majesty's Dominions, but that he is the son grandson of a person born in those Dominions.

NOTIFICATION—EXAMINATIONS.

The 10th October 1888.

No. 69.—The following regulations respecting the Examination of Candidates for the Civil Service of India to be held in June 1889 are published for general information:—

EXAMINATIONS FOR THE CIVIL SERVICE OF INDIA.

REGULATIONS FOR THE OPEN COMPETITION OF JUNE 1889.

N.B.—The Regulations are liable to be altered in future years.

1. On the 1st June 1889, and following days, an Examination, open to all qualified persons, will be held in London (a). Not fewer than persons will be selected, if so many shall be found duly qualified; viz., for the Lower Provinces of Bengal (including Assam); for the Upper Provinces of Bengal (including the Punjab and Oudh); for Burmah; for Madras; and for Bombay (b).

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners—

- (i) That he is a natural born subject of Her Majesty.
- (ii) That his age will be above seventeen years and under nineteen years on the 1st January 1889. [N.B.—In the case of Natives of India this must be certified by the Government of India or of the Presidency or Province in which the Candidate may have resided.]
- (iii) That he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Civil Service of India.
- (iv) That he is of good moral character.

3. Should the evidence upon the above points be *prima facie* satisfactory to the Civil Service Commissioners, the Candidate, on payment of the prescribed fee (c), will be admitted to the Examination. The Commissioners may however in their discretion, at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries in the case of any Candidate should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India, and if already selected will be removed from the position of a Probationer.

- (a) An order for admission to the Examination will be sent to each Candidate on the 18th of May.
- (b) The numbers will be announced hereafter.
- (c) The fee (£5) will be payable by means of a special stamp according to instructions which will be communicated to Candidates.

Greek	600
Latin	800
French	500
German	500
Italian	400
(e) Mathematics (pure and mixed)	1,000

Candidates are at liberty to name any or all of these branches of knowledge. No subjects are obligatory.

5. The merit of the persons examined will be estimated by marks; and the number set opposite to each branch in the preceding regulation denotes the greatest number of marks that can be obtained in respect of it.

6. The marks assigned to Candidates in each branch will be subject to such deduction as the Civil Service Commissioners may deem necessary (g), in order to secure that "a Candidate be allowed no credit at all for taking up a subject in which he is a mere smatterer."

7. The Examination will be conducted on paper and *visà voce*, as may be deemed necessary.

8. The marks obtained by each Candidate, in respect of each of the subjects in which he shall have been examined, will be added up, and the names of the several Candidates who shall have obtained, after the deduction above-mentioned, a greater aggregate number of marks than any of the remaining Candidates will be set forth in order of merit, and such Candidates shall be deemed to be Selected Candidates for the Civil Service of India, provided they appear to be in other respects duly qualified. Should any of the Selected Candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. In the former case, the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected Candidate. A selected Candidate declining to accept the appointment which may be offered to him will be disqualified for any subsequent competition.

9. Selected Candidates before proceeding to India will be on probation for two years, during which time they will be examined periodically with a view of testing their progress in the following subjects (h):—

In these Examinations, as in the Open Competition, the merit of the Candidates examined will be estimated by marks, and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it at any one Examination. The Examination will be conducted on paper and *visà voce*, as may be deemed necessary. The last of these Examinations will be held at the close of the second year of probation, and will be called the "Final Examination," at which it will be decided whether a Selected Candidate is qualified for the Civil Service of India. At this Examination Candidates will be permitted to take up any one of the following branches of Natural Science, viz.,—Agricultural Chemistry, Botany, Geology, or Zoology, for which 350 marks will be allowed. Candidates for

(d) A considerable portion of the marks for English History and Literature will be allotted to the work selected by the Candidate. (See notice on p. 4) In awarding marks for this, regard will be had partly to the extent and importance of the period or books selected, but chiefly to the thoroughness with which they have been studied.

(e) The examination will range from Arithmetic, Algebra, and Elementary Geometry, up to the elements of the differential and integral calculus, including the lower portions of applied Mathematics.

(f) The standard of marking in Sanskrit and Arabic will be determined with reference to a high degree of proficiency, such as may be expected to be reached by a Native of good education.

(g) Marks assigned in English Composition and Mathematics will be subject to no deduction. Each science will, for the purpose of deduction, be treated as a separate subject.

(h) Full instructions as to the course of study to be pursued, will be issued to the successful Candidates as soon as possible after the result of the Open Competition is declared.

Madras and Bombay will also be permitted to compete for Prizes in Hindustani and Gujarati respectively.

10. Candidates will be tested during their probation as to their ability to perform journeys on horseback; and no Candidate will be deemed qualified for the Civil Service of India who fails to satisfy the Civil Service Commissioners of his competence in this respect.

11. Any Candidate who, at any of the periodical Examinations, shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected Candidates.

12. The selected Candidates who, at the Final Examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force at the time for that Service.

13. Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary, Civil Service Commission, London, S.W.," at any time after the 1st December 1888. The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements:—

- (1) *Selected candidates will be permitted to choose, according to the order in which they stand in the list resulting from the Open Competition, so long as a choice remains, the Presidency (and in Bengal the Division of the Presidency) to which they shall be appointed; but this choice will be subject to a different arrangement, should the Secretary of State or the Government of India deem it necessary (k).*
- (2) *The Probationers, having passed the necessary Examinations, will be required to report their arrival in India within such period after the grant of their Certificate of Qualification as the Secretary of State may in each case direct.*
- (3) *The seniority in the Civil Service of India of the Selected Candidates shall be determined according to the order in which they stand on the list resulting from the Final Examination.*

- (4) *An allowance amounting to £300 will be given to all Candidates who pass their probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrew's, and Aberdeen; University College, London; and King's College, London; provided such Candidates shall have passed the required Examinations to the satisfaction of the Civil Service Commissioners, and shall have complied with such rules as may be laid down for the guidance of Selected Candidates.*

Candidates are not permitted to migrate from the University originally chosen by them to another University without first applying to the India Office for the permission, and receiving the sanction, of the Secretary of State, who will not entertain such applications unless good and sufficient reasons are assigned.

- (5) *Selected Candidates desiring to remain in this country an additional year after the completion of their two years' probation for the purpose of taking a degree at one of the Universities above-mentioned, should apply to the Secretary of State for India for permission to do so. Besides the allowances above-mentioned, a bonus of £150 will, as a temporary and experimental measure, be paid to any Candidate who, having obtained permission to remain an additional year, passes an examination qualifying for a degree in Honours at Oxford or Cambridge, or, being a student of University College, London, passes with credit an Honour Examination of the University of London. This privilege will be hereafter extended to any other of the Universities above referred to, at which an academical distinction is obtainable which, in the opinion of the Secretary of State, corresponds to a degree in Honours at Oxford or Cambridge, and to obtain which the additional year's residence in this country is necessary.*
- (6) *All Selected Candidates will be required, after having passed the first periodical Examination and before receiving the first instalment of their allowance, to attend at the India Office for the purpose of entering into an agreement binding themselves, amongst other things, to refund in certain cases the amount of their allowance in the event of their failing to proceed to India. A surety will be required.*
- (7) *After passing the Final Examination, each Candidate will be required to attend again at the India Office, with the view of entering into covenants, by which, amongst other things, they will bind themselves to agree to such Regulations for the provision of pensions for their families as may be approved by the Secretary of State for India in Council. The stamps payable on these covenants amount to £1.*
- (8) *Candidates rejected at the Final Examination of 1891 will in no case be allowed to present themselves for re-examination.*

[Copies of these Regulations and of the Form of Application may be obtained on application to the Secretary to the Government of India, Home Department.]

(i) These forms should be accompanied by evidence on the points mentioned in Regulation 2, and by a list of the subjects in which the candidate desires to be examined. Evidence of health and character must bear date not earlier than 1st March 1889. Applications for leave to alter or add to the list of subjects named will not be entertained unless received on or before the 4th of May.

(k) This choice must be exercised immediately after the result of the Open Competition is announced on such day as may be fixed by the Civil Service Commissioners.

PART IB.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

MUNICIPAL AND LOCAL.

NOTIFICATION.

The 1st July 1888.—It is hereby notified for general information that the Lieutenant-Governor has been pleased to make the following additional rules under clause (i), section 138 of the Bengal Local Self-Government Act III (B.C.) of 1885, in supersession of rule 3 of the rules made under clauses (i) and (r) of the said section:—

PART IX A.

DISTRICT ENGINEER'S ACCOUNTS.

1. As the District Engineer is always located at the station where the District Board's office is situated, it is unnecessary for him to have a separate cash chest, and consequently it is not necessary for him to keep a separate disburser's cash-book, or to render disburser's accounts. His duties in respect to payment will, as far as possible, be confined to passing certificates and bills as correct, in order that they may be presented for payment, at the District Board's office, to the persons to whom money is actually due.
2. An imprest may be granted by the District Board to the District Engineer of such amount as the Board may from time to time fix, provided that it shall in no case exceed Rs. 1,000.
3. Imprest cash-books shall be kept in Form No. 1. If necessary, the District Engineer may give a sub-imprest to any subordinate recouping this from his own imprest.
4. Disbursements by the District Engineer and his subordinates shall as a rule be confined to payments not exceeding Rs. 20. All cash-payments by the District Engineer and his subordinates shall be met from the imprest.
5. Any miscellaneous receipts, such as the sale proceeds of materials or produce, fines or refunds, shall be at once remitted to the Treasury. Such remittances shall be accompanied by a challan (Form No. 2) in triplicate bearing the initials of the remitter. The original challan will be retained by the Treasury Officer, and the others will be returned duly receipted to the District Engineer, who will forward the duplicate to the District Board's Office, retaining the triplicate in his office.
6. Works shall be carried out, as far as possible, either by contract or by piece-work. Such work shall be paid for on certificates in Form No. 3 for contract work, or No. 4 for piece-work.

7. If daily labour is employed, muster-rolls will be kept and filed in the District Engineer's Office, copies being retained by the subordinate in charge of the work. Sircars, peons, chowkidars, and other petty establishment specially employed for particular works, though charged as daily labourers, will be paid monthly on acquittance rolls.

8. All materials purchased will be vouched by bills or purchase lists (Forms Nos. 5 and 6).

9. The expenditure on each work will be brought together in a day-book (Form No. 7). The day-book will show the expenditure on the work, the quantity of work done, and the rate of work on each item. The expenditure will be posted from details contained in the vouchers as passed by the District Engineer.

10. Duly authorised establishment charges will be brought forward in monthly bills, which will, when practicable, be paid directly from the District Board's Office, proper receipts or acquittance rolls (Form No. 8) being taken from the recipients.

11. There is no such suspense head as "Stock" provided for in the District Fund accounts, and the manufacture and keeping of "Stock" must therefore be avoided whenever it is possible to purchase good material as it is required. Materials required for any work will be charged as "material at site" against the estimate for the work. In exceptional cases, if material cannot be charged as "at site," the value must be charged in the account of "advances," a sub-head being opened for each description of material.

12. Road metal will be accounted for in Form No. 9, further details, when necessary, being shown in Forms Nos. 10 and 11, which will be kept up in the District Engineer's office.

13. Measurement books (Form No. 12) and note-books will be kept by the District Engineer and his subordinates. As the measurement book is the basis of all accounts of quantities, whether of work done by piece-work, petty contract, or contract, the entries therein must be carefully made. From the measurement book all quantities must be clearly traceable into the accounts, and it must show clearly the progressive measurement, i.e. the total quantities executed up to date on account of each work. The measurement book will, as a rule, accompany the subdivisional officer's bills, and it must be carefully compared with the latter, and also with the details in the sanctioned estimate. Any differences due to errors, excess quantities, or unauthorised items of works, must be at once enquired into, and the District Engineer will initial the measurement book in token of its having been checked and examined up to date, and that it is a complete record of each kind of work done, for which certificates have been granted.

14. When note or measurement books are issued, the name of the subordinate to whom issued and the date of issue will be noted on the book and attested by the signature of the District Engineer. A list of all books issued will be kept in the District Engineer's office in view to their being promptly called in and filed when done with.

15. The documents and accounts to be submitted by the District Engineer to the District Board's office will be as below detailed:—

- (a) Duplicate of imprest cash-book, with vouchers, submitted from time to time, as recoupment is required, or at not longer intervals than once a month even if the imprest is not fully exhausted, in order that the disbursers' payments may be brought into the accounts of the month during which they have been made.
- (b) Certificates or bills for work executed or materials supplied after being duly checked and certified as correct.
- (c) Bills for the salaries of all establishments duly certified as correct.
- (d) A day-book for each work and repair in progress during the month.
- (e) A schedule or list of the day-books showing the amount of each.

These will be compiled by an Accountant in the District Engineer's office, who shall be qualified as required by rule 6 of the rules made under clauses (g), (l), and (m) of section 138 of the Act.

16. Certified copies will be kept in the office of the District Engineer of all bills and certificates. In the case of those to be paid in the District Board's office, the original, after being certified to as correct by the District Engineer,

will be returned to the payee for presentation at the District Board's office for payment, the certified copy being sent by the Engineer direct to the District Board's office by way of advice. After payment, the original will be filed in the District Board's office as a voucher for the payment, and the certified copy will be returned receipted to the District Engineer for his guidance in respect to further certificates, but no payment will be made on these bills and certificates unless supported by an acknowledgment by the officer or subordinate concerned that the work has been efficiently done, or the supplies received, as the case may be.

17. The books to be kept in the District Engineer's office, besides the imprest cash-book, will be—

Register of bills passed	(Form No. 13).
Register of works	(" " 14).
Register of tools and plant	(" " 15).
Register of road metal	(" " 16).
Account of advances	(" " 17).
Account of deposits	(" " 18).

18. In the register of bills passed will be entered all bills and certificates received in the office.

19. The register of works is the next most important record to the cash-book, and care must be taken that it is posted with perfect accuracy, and that the entries for each work are strictly in accordance with the sanctioned estimate. In addition to entering the item of work, each sub-head in the abstract estimate will be numbered, and the corresponding numbers entered in the register: thus—No. 1, excavation; No. 2, earthwork; No. 3, soling, &c.

When in case of emergency or to prevent loss or damage expenditure is incurred on items of work for which provision has not been made in the sanctioned estimate for the work, the amount will be separately shown in the work register, and not charged off against any other sub-head on which there may be a saving, and subsequent sanction must be applied for without any delay.

In the case of original works and repairs, no item of estimate under Rs 200 will be separately detailed in the register of works, and no work or repair estimated to cost less than Rs. 2,500 will be accounted for by sub-heads, except in cases where the District Engineer may desire it.

When a work is completed, a double line in red ink will be ruled below the last entry, and the following note made:—"Work completed and completion report forwarded to the Chairman with No. dated ."

20. The half-yearly registers for tools and plant, and for road metal will be kept in Forms Nos. 15 and 16 respectively; the expenditure on tools and plant will be entered in the register (Form No. 14) in the same manner as works and repairs. Each item, whatever may be the amount, must be shown in detail, and at the end of every half-year account will be taken by a responsible officer, who shall certify the fact in the body of the register, any difference in balance at the end of the half-year between the figures of the columns "As per this return" and "Actual as counted" being fully explained.

21. In the District Fund accounts all advances for works will be charged to the separate suspense account of "Advances," which is credited with the value of work done, supplies received, or labour performed, as the case may be.

22. All advances to contractors and others shall be made from the District Board's office, and all deposits shall be paid direct into that office, but in special cases the Board may authorise the District Engineer to make such petty advances, within prescribed limits, as may be considered necessary. The accounts of advances and deposits to be kept in the District Engineer's office will therefore be but memoranda for the guidance of the District Engineer in issuing certificates for payment. The accounts shall be kept in Forms Nos. 17 and 18, a separate folio being opened for each, and shall be balanced every month.

23. District Engineers shall submit their accounts so as to reach the District Board's office not later than the 17th of the month following that to which the accounts relate.

NOTES.

District Engineer's Form No.

1. The cash transactions of the District Engineer and his subordinates will be recorded in this simple form, which is kept in duplicate.

2. Each officer or subordinate with whom an imprest account is to be opened, receives at starting, from the District Board or District Engineer a round sum as a standing advance or imprest, which is at once entered in the account; the disbursements from this advance are entered daily as they are made, clearly and in full detail; and from time to time, as the imprest-holder finds it necessary, the account is closed and balanced, the right hand half-page is cut off and sent to the officer from whom the imprest is held, the counter-foil being retained by the disbursing officer. This account is supported by the necessary vouchers numbered and tacked on so as to correspond with the order of the entries in column 2, "Voucher No." The officer to whom the account is submitted, after carefully scrutinizing the account in regard to the propriety of the payments, the clearness and accuracy of the entries, and the sufficiency of the vouchers, reimburses the imprest-holder, the exact sum expended, so as again to bring the imprest cash in hand up to the original amount.

3. The account will contain no entries of receipts other than recoupments of expenditure, nor any entries of expenditure, other than those paid directly by the imprest-holder himself from the amount of his imprest; consequently the fixed standard of imprest should never be exceeded.

4. To facilitate the extracting of the charges shown in the Imprest cash book, column 6 is provided to show the head under which each charge has to be classed. In order to prepare the charges for entry in the cash-book, the entries will be abstracted (on the back of each working form) under the several heads in red ink by the District Engineer.

When this is the case, the Day-book will be written up in the office of the District Engineer or Sub-divisional Officer from information given by the superintendents of the work in the daily report, or from their note books.

In this way the labour and materials employed on sub-head will be detailed day by day, and at the close of the month the abstracts in Parts II, III, IV and V will be made in the District Engineer's office from the information given in Part I, the previous Day-book and the Cash and Measurement books.

It is to be noted that the entries in Part I are independent of the fact of payment having been made or not, the difference between the full value of the work and the payments made on account of it is recorded in Part III, and full particulars of the arrears should be given. MUNICIPAL AND LOCAL.

NOTIFICATION.

The 17th July 1888.—It is hereby notified for general information that, in exercise of the power vested in the Local Government by section 351 of Act III (B.C.) of 1884, and on the recommendation of the Commissioners of the Basirhant Municipality, made at a meeting, the Lieutenant-Governor confirms the bye-laws set forth below, which have been framed by the Commissioners of the said Municipality, under section 350 of the said Act.

COLMAN MACAULAY,
Offg. Chief Secy. to the Govt. of Bengal.

For the Conduct of Municipal Business.

1. The ordinary meetings prescribed by section 38 of the Act shall be held at the office of the Commissioners at a fixed hour of a fixed day of each month, to be decided upon at the last ordinary meeting of the preceding year.

2. A notice of the business to be brought forward at every meeting shall be circulated, by hand or post, to each Commissioner, and shall be hung up at the office of the Commissioners not less than three days before the date of the meeting.

3. Any Commissioner desirous of submitting any motion to the meeting must forward a copy of such motion to the Chairman not less than seven days before the date of such meeting for incorporation in the notice of business. A notice book shall be kept in the office of the Commissioners in which all notices of motions shall be entered. All such notices shall be dated and numbered as received.

4. At ordinary meetings the business shall be transacted in the following order, unless the President, with the consent of the majority of the members present, determine otherwise:—

- (a) The minutes of the last ordinary meeting, and of any special meeting since held, shall be laid before the meeting, and, if approved as correctly entered, shall be signed by the Chairman.
- (b) Any business postponed from the last ordinary meeting.
- (c) The business contained in the notice of the meeting prescribed by Rule 2 above in the order in which it appears in the notice paper, unless the President, with the consent of the majority of the members present, determine otherwise.
- (d) Additional business brought forward by the President with the consent of the majority of the members present, provided that any decision recorded or resolution adopted in regard to such business shall be subject to confirmation by the next ordinary meeting.

5. At an adjourned meeting, no business, save that which the original meeting left unfinished, shall be transacted, except as provided in Rule 7 below.

6. At a special meeting no business save that for which the meeting was called shall be transacted, except as provided in the following rule.

7. Provided, however, that any additional business may be brought forward at an adjourned or special meeting, subject to the conditions of Rule 4(d) above, and also subject (in the case of an adjourned meeting) to the full quorum required by section 42 of the Act being present.

8. Every motion or amendment shall be reduced to writing and seconded before being put to the meeting or debated. The mover of any motion or amendment may withdraw the same at any period of the debate.

9. Every amendment shall be so worded as to form an intelligible sentence either alone, or in its proper place, in an original motion, as the case may be; provided that no amendment can merely negative the original motion.

10. The President may, for reasons to be entered in the minutes of the proceedings—

(a) rule that a motion or amendment is illegal or out of order; and

(b) make such alterations in a motion or amendment as shall, in his opinion, render it legal and in order,

and may in case (a) refuse to put the motion or amendment to the meeting, and in case (b) refuse to put the motion or amendment to the meeting, unless and until the proposer and seconder accept the alterations so made, and the decision of the Chairman shall be final.

11. In discussing questions coming before the meeting, a Commissioner shall speak from his place, shall rise when he speaks, and address the President. A Commissioner shall not be allowed to read his speech, but he may refresh his memory by referring to notes, and he may read, as part of his speech, passages from books or papers cited in support of his argument. At any time, if the President rises, any Commissioner speaking shall immediately resume his seat. No Commissioner shall be heard except upon business then regularly before the meeting, or by permission of the President specially obtained, in explanation of what he had said in a previous debate. No Commissioner, other than the mover, shall speak more than once upon a question, except by way of interpellation, or by permission of the President, but the mover shall be allowed, if he have spoken to the question when making his motion, to close the debate with a reply. A Commissioner who has spoken upon a motion may speak once again upon any amendment thereof afterwards moved. And a Commissioner may explain, by permission of the President, what he has before spoken, if it has been misunderstood. No Commissioner in debate shall name another Commissioner.

12. Votes shall be taken either by show of hands, or by poll, or by both. The votes of the Commissioners at a poll shall be taken by the President. Any three Commissioners present may demand a poll. When the show of hands has been taken, the President shall declare whether the resolution has been carried or not and every matter shall be held to be decided and concluded on such declaration being made, unless a poll be at once demanded.

13. Voting by proxy is prohibited; and no member may vote upon any motion or amendment unless he be present in person at the time when it is put to the vote.

14. When an amendment upon any motion is moved, or when two or more such amendments are moved, the President, when taking the sense of the meeting thereon, shall read the terms of the original motion and of the amendment or amendments proposed. If there be but one amendment proposed, the question shall be put as proposed to be amended. If the amendment be carried in the affirmative, the original motion falls; but if the amendment be negatived, the original question shall be put to the meeting. If more than one amendment be proposed, the President shall put that amendment first, which he thinks may most conveniently be first disposed of; and so, if necessary, of all the others. If any motion as made involves several points, the President, at his discretion, may divide it, so that each point may be determined separately.

15. When any Commissioner shall have occasion to ask a question of another Commissioner relating to the business of the meeting, he shall ask the question through the President.

16. Subject to the foregoing rules, the President shall regulate the course of all business brought before any meeting of the Commissioners. He shall preserve order, and all points of order shall be decided by him. No discussion on any point of order shall be allowed, unless the President shall think fit to take the opinion of the Commissioners thereon. Any Commissioner may at any time submit a point of order for the decision of the President.

17. No subject once finally disposed of can be reconsidered within six months, except on a question signed by not less than two-thirds of the Commissioners.

18. For the purpose of taking into consideration any particular business, a meeting may resolve itself into a Committee of the whole of the Commissioners present. When this has been determined, the rule prohibiting any person from speaking, except when standing, or more than once on the same question, shall be deemed suspended until the meeting resumes.

19. The Commissioners in meeting may from time to time appoint such and so many Committees, either of a general or special nature, and consisting of such Commissioners as they think fit, for any purposes which, in the opinion of the meeting, can be conveniently regulated and managed by such Committee; but the business transacted by any such Committee shall be subject to the approval of the Commissioners in meeting.

20. The members of each such Committee shall hold office for one year only, but shall be eligible for re-appointment.

21. Any member of a Committee, who, without the previous permission of the Chairman of the Commissioners, shall fail to attend three consecutive meetings of such Committee, shall thereby cease to be a member thereof, and the Committee shall apply to the Commissioners to appoint another member in his place.

22. A Committee may meet and adjourn as it thinks proper. The quorum shall consist of not less than three of its members. The President shall be the Chairman of the Commissioners, or, in his absence, the Vice-Chairman, or, in their absence, any member present elected by the meeting. The rule prohibiting any person from speaking, except when standing, or more than once on the same question, shall not apply to meetings of a Committee.

23. Except as otherwise provided by the preceding two rules, the provisions of the law and of these rules, so far as they relate to the conduct of business at meetings of the Commissioners, shall apply generally to Committee meetings.
